

Pelican Products has protected defence, emergency and scientific expedition equipment through some of

the harshest conditions on Earth since 1976. This same DNA is now available to you in Pelican™; Elite Coolers.

We hold ourselves to higher criteria than other cooler makers. When it comes to durability, performance and ergonomic design, just “good enough” doesn’t cut it. As a result, Pelican™; Elite Coolers perform to higher standards — better than any cold locker, tougher than any icebox. Pelican™; Elite Coolers are true next-generation innovations, created to last a lifetime.

From the latches to the freezer-grade seal to the toughest handles in the business, every part is engineered to our extreme durability and performance standards. Which is why we feel confident in providing you with a Lifetime Guarantee. Not three years. Not five years. A lifetime. Something the other makers don’t (or can’t) do.

Whether you’re on the camping trip, far out at sea with a cooler full of catch, crossing deserts on safari or simply a BBQ during a big game – the Pelican™; Elite Cooler is the one for you.

- Extreme ice retention
