MAC Rack Rack Mount Server Case

Compact and lightweight, MAC Rack cases boast a smaller footprint to make the most of limited space. MAC Rack cases protect equipment with the same rotomolded outer shell and 19" EIA shock mounted rack as the Classic Rack, but with a smaller sway space. MAC Rack cases are perfect for less sensitive equipment that requires protection from shock, vibration, moisture, and impact along with the advantages of a heavy-duty case.

TR1907-022505RCK01

- **LIGHTWEIGHT & COMPACT** - Ideal for semi-ruggedised equipment requiring excellent shock and vibration protection without the bulk.
- **BUILT-IN MOBILITY** - Integrated wheels for effortless transportation and handling in the field.
- **90 KG LOAD CAPACITY** - Reliable protection for equipment with 50-80 G fragility ratings.
- **PRECISION RACK FRAME** - Supplied with threaded aluminium frame featuring metric M6 threading.
- **DUAL STORAGE POUCHES** - Both lids fitted with soft pouches for organised accessory storage.
