

2370

Flashlight

One of our most sophisticated aerospace grade aluminum torches, the 2370 LED torch has been designed as 3 lights in one.

A rotating magnetic dial switches between bright white light and night vision red or green light, so the 2370 LED is the only torch you will need, whether piloting an aircraft, or navigating a park trail at night. The anodized aluminum body is strong and light weight while the strengthened steel clip fastens securely to your pocket. The 2370 is programmable and is equipped with 3 white light modes (High, Strobe, Low). The 4 different programs allow for personal options.

The 2370 LED: It keeps you dialed in to the action.

- Built Pelican tough
- 3 LED Colors
- 3 modes High / Strobe / Low
- 2 AA Batteries (included)

SPECS

SIZES

Length	6.43 in (16.3 cm)
--------	-------------------

LIGHT SPECIFICATIONS

Lamp Type	LED
-----------	-----

POWER

Rechargeable	No
Battery Quantity	2
Battery Size	AA
Batteries Included	Yes
Volts	3.0 V
Battery Type	Alkaline

SWITCH & MODES

Light Modes	On /Off / Momentary
Switch Type	Momentary Push Button

WEIGHT

Weight With Batteries	6.5 oz (184.27 g)
Weight No Batteries	4.9 oz (138.91 g)
Weight	0.53 oz (15.03 g)

MATERIALS

Body Material	Aluminum with Type II Anodized
Shroud Material	Aluminum with Type II Anodized
Lens Material	Polycarbonate (PC)
Clip Material	High Carbon Steel
O Ring Material	EPDM
